YUCAIPA >> The first phase of a new senior apartment complex is complete.

City and county officials joined residents Tuesday at a grand opening ceremony for [Horizons at Yucaipa](#), a 77-unit apartment complex for low- and moderate-income seniors.

“It’s a beautiful facility,” said Mayor Dick Riddell. “It’s in the uptown area, just a block away from Yucaipa Boulevard, so it’s real convenient for shopping.”

The event marked the completion of the first 50 units. The second phase, which includes the construction of the remaining 27 units, is planned for 2018.

The community, at 12279 Third St., will offer affordable housing options for people 55 and older.

The complex features one- and two-bedroom units with new appliances and a community center. About 10 units will be reserved for people 60 and older with mental health needs.

Housing Partners I Inc., the Housing Authority of the County of San Bernardino and Urban Housing Communities partnered to build the complex.
