

A national *leader* in public service

This year, 24 San Bernardino County departments won 52 achievement awards from the National Association of Counties and the California State Association of Counties for innovative services provided to the county's residents and investors.

San Bernardino County is consistently a national leader in winning national and state awards for creating and carrying out groundbreaking services that improve our quality of life, save taxpayer dollars, and help achieve our Countywide Vision.

The Board of Supervisors is proud to commend and congratulate this year's award-winning departments.
